Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are NOW OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Alleged Ill-Treatment.

Fifteen witnesses were examined yesterday by the Olcott special committee, appointed by the House of Representatives to investigate the administration of the Government Hospital for the Insane, located near Washington.

S. Dawes Shuster, who had been a patient in the institution from June, 1904, to November, 1905, complained of the food and attendance. It was the worst he had ever seen.

Edgar Ball, who had been an attendant at the institution for 11 years but who is now a railroad employe, told the committee that he had flogged patients, but that this was necessary at times. He criticised the food, and said that the institution was run better under Dr. Richardson, a former superintendent, than under Dr. White, the present superintendent.

T. W. Belt, of Leesburg, Va., who was an attendant from December 11, 1905, to March 27 last, said he was discharged because he complained of the way the chief attendant, Clark M. Teats, treated patients. In the case of a patient named Percy Eckles, from Pennsylvania, who had been fed on liquid diet for several months, Belt said Teats knocked Eckles down many times. After one such occurrence Eckles died within a week.

In the case of an old soldier with a broken leg, Teats, the witness said, delighted in lifting up this leg and letting it drop just to hear the old man yell and curse. This patient also died shortly. He declared that Teats carried away government soap and tobacco. Teats, he said, is still holding his position. During his service, he said, he had never seen Dr. White, the superintendent, visit the ward, and doctors were the reinfrequently.

Mrs. Ella L. Washburn, who has a husband and brother as inmates in the asylum, complained of the lack of attendants, and also stated that she had seen cruel treatment administered. This was also the testimony of Mrs. Alice Carraher, whose husband is an inmate. Her husband, who is suffering from paresis, was a physician, has been in the asylum three years, and, she said, has been given black eyes seven times, although he is bedridden.

Joseph A. Kensey, a tailor, who has been twice an inmate, but is now discharged as cured, said he was told that choking was the surest remedy for insanity. It was administered to him repeatedly, although he said he was not violent, "just making a racket, as I was as crazy as a junebug." He had his ribs broken by a patient, who, he said, had since been cured and who had said an attendant told him to do so. When in the hospital for this cause he was treated well.

Steamship on Fire at Sea.

The steamship Sarnia, of the Hamburg-American line, arrived at New York yesterday afternoon from the West Indies, a day late, having been on fire 20 hours while at sea. A thrilling tale of the desperate fight with the flames was told by those on board.

The Sarnia, with 40 passengers and a cargo of bananas, sailed from Kingston, Jamaica, at 11 a. m., Thursday. At 7 o'clock Friday morning the flames were discovered in hold No. 2, forward between the upper deck and the coal bunkers. Defective electric insulation or overheating of the boilers of the donkey engine started the fire.

Captain Winster sounded the alarm for the fire drill, and had all hands on deck to fight against the flames. The ship was then 20 miles north of Cape Maysi, Cuba. She was stopped, so that every man on board who could be spared might be used in the battle with the fire, which rapidly became threatening. A hole was chopped through the upper deck and a stream of water played on the fire for four hours. Dense smoke poured up through the hole and drifted through the cabin, causing great alarm among the passengers, many of whom were women.

Preparations were hurriedly made to lower the boats, and everything was put in readiness to take all off the ship at a moment's notice. Toward noon, however, it was thought that the fire was practically out, and the Sarnia proceeded on her course. At 2 o'clock in the afternoon the flames broke out more fiercely than before. Water was without much effect, and the captain ordered his men to use steam, which was poured into the hold.

By this time the Sarnia had reached Fortune Island, and Captain Winster put in there. The men fought the flames until 2 a. m. Saturday. When it was certain that the fire was entirely out the Sarnia put to sea again and finished her trip without further incident.

Arrest of an Embezzler.

Charged with having embezzled upwards of $100,000 from his employers, Edwin S. Greenfield, head clerk of the banking and brokerage firm of Harrison Snyder & Son, of Philadelphia, was arrested yesterday in that city and held in $10,000 bail for a further hearing today. In default of bail he was sent to the county prison.

Greenfield has made a full confession and is doing everything possible to assist the firm in straightening out its tangled books. Following the public announcement of the embezzlement, creditors filed a petition in bankruptcy against Charles E. Snyder, trading as Harrison Snyder & Son, in the United States Court, and later Judge McPherson appointed Chas. N. Vollum as receiver.

Greenfield is about 30 years old and has a wife and two children. He came to the firm from the schoolroom, and rose from office boy to the position of head clerk and trusted representative of the banking house. About two months ago Mr. Snyder went to California, and gave Greenfield a power of attorney to carry on his business. He returned from the West about a month ago, and the first intimation that something was wrong came to him when he missed some valuable securities from his safe. It was not until last Monday, however, that he was able to find where they had gone. Greenfield then broke down and confessed.

He admitted that he took money at various times during the last six years, and that he lost most of it speculating in bucket shops.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickles, of Miletus W. Va., "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, MAY 10, 1906.

THE OUTRAGES by dynamiters are becoming common and the boldness of this class of outlaws is causing much apprehension. Nearly every city in the world is infested with people who despise government and desire to bring about a social upheaval. A dispatch in yesterday's Gazette showed what precautions are necessary in the twentieth century to safeguard the Czar of Russia when he is compelled to visit the capital city. People with bombs in their pockets are known to be thirsting for his blood and could they get close enough to their sovereign they would throw their dangerous missiles at him. The Czar consequently will not show himself to his people, but will be hurried from a yacht to the hall in which the Douma is to be held and as soon as possible spirited away. But the Czar is not the only potentate assassins are after. The discovery of a plot to blow up one of the Emperor William's palace at Urville, near Metz, was announced yesterday. The Kaiser is to occupy the palace in a few days, and it was designed to blow up the building after his arrival and kill every person in it. Dynamiters are in evidence in the United States, and a number of high-handed outrages are attributed to them. An infernal machine was found under the window of Governor Folk's office in the Capitol at Jefferson City, Mo, by a lawn-mower yesterday afternoon. It was loaded with nitroglycerine and had a tube with a dynamite cup attached to it. Had it been struck by the lawn-mower it would have blown the governor and most of the Capitol building into the Missouri river.

SECRETARY BONAPARTE is turning his attention to the subject of naval recruiting. He believes there is not enough activity in that direction, basing his opinion on the fact that the service lacks some five thousand men of the authorized numerical strength. He thinks it is impossible to obtain this number of men who are lacking, and, in addition, to get the three thousand by which it is proposed to increase the enlisted force. Mr. Bonaparte's criticism of the system is that the effort to canvass the country for enough recruits has not been sufficiently systematic and thorough. He has the plan of employing as recruiting officers some of the retired officers who are anxious to be assigned to active duty, and who could perform this work, and so relieve active officers whose services are greatly needed on shipyard. The secretary desires to have legislative authority for increasing the enlisted force, whether or not there is a definite appropriation for the additional men. The situation is sufficiently serious, he believes, to require some special application of activity by recruiting parties.

THE MOST stupendous judicial investigating ever undertaken in Massachusetts will be started today before the Suffolk county grand jury under the direction of District Attorney Morgan, who has summoned the members of the legislature in alphabetical order, to appear before the grand jury. Every matter that has been before the present legislature, which has savored of suspicion of corruption, will be inquired into, and every member of that body will be questioned by the district attorney. Street railway matters, overtime bill, bucketshop bill and several other bills will be inquired into before the grand jury with a view to ascertain whether or not improper methods were employed to pass or defeat any of them. This development in the legislative scandal that has so excited the State follows the knowledge that a fund of $70,000 was raised by the bucket shop proprietors of Massachusetts, to be used in the defeat of hostile legislation.

WITH the adoption yesterday afternoon of an amendment intended to prevent railroads from operating coal mines or engaging in other forms of business than that of transporting freight and passengers the Senate took another forward step in the work of restricting railroad corporations and toward the perfection of the rate bill beyond expectations of the best friends of the general proposition. It is questioned if the coal amendment will prove effective; but the question is due to the doubt if it is possible by any statute to prohibit the same individuals who control a railroad from owning and operating a manufacturing plant.

THE good news that the anthracite peace pact has been signed and operations will be resumed at once will be grateful, except to agitators who find it to their profit to foment differences between employers and employed.

Washington, May 10.

Recent reports from England and Germany that the United States government has been an active and successful bidder in the worlds market for foreign military secrets strike officers of the war and navy departments here as imaginative. Foreign governments, particularly those deeply interested in the balance of war power in Europe, where the smallest advantage is carefully guarded lest it be shared by a possible adversary, are just now unusually prone to allege spying and bribery against other governments. It is a departure, however, for the United States to be charged with this kind of work. First Great Britain believes the United States guilty of having obtained plans of the Dreadnought, the new 18,000 ton battleship just built at Chatham. Germany believes that certain naval employes have sold to a U. S. diplomatic representative the secret of a German naval torpedo and three men have been implicated in the treachery. As a matter of fact, it is alleged that the U. S. government has never officially purchased any secrets for the very good reason that such purchases are notoriously expensive and an economical Congress sees to it that money is appropriated only for the most honorable and necessary purposes. There is no item of either the army or navy appropriation bills which by any stretch of imagination could be made to cover expenses entailed in buying the honor of foreign officers and the secrets of their governments. The United States has really no need of keeping up the elaborate spying service which governments like France and Germany are said to find indispensable. It may be said, however, that while there are only official denials for the story that the Navy Department has obtainhd the Dreadnought plans some well informed persons assert that American naval constructors are very familiar with the latest opinions prevailing in the British admiralty on battleship construction

The State Department will, if complaint is made, catalogue the cases of the American fishing schooners Raymah and Pathia, seized two days ago by Canadian cruisers for alleged fishing within the Canadian three mile limit off Cape North. A number of disputed cases are now before the department. In case the schooners were within the three mile limit, and no controveray arises as to the fact, the department will not attempt to help the fishermen. They are familiar with the law and know that they commit poaching at their peril. If it is a case of territorial line being indefinite on account of a projecting headland which might offer ground for a diplomatic inquiry the department may act on behalf of the Gloucestermen. The department's protest to Great Britain over alleged unjust seizures by the Newfoundland authorities has not yet been presented to the British government.

Secretary Metcalf of the Department of Commerce and Labor today through Secretary Shaw of the Treasury Department requested Congress to appropriate $66,000 additional for the construction of the immigration station at Angel Island, at San Francisco. Walter J. Mathew, the architect, urged this increase when he submitted the completed plans to the secretary upon the latter's recent trip to California. The earthquake, it is estimated, has greatly increased the cost of construction. Secretary Metcalf is anxious to give employment to laborers at San Francisco and is desirous of beginning work on the station at once. The erection of the buildings will not be delayed by the earthquake, Mr. Mathew's office building of eleven stories in Oakland, said to have been three feet out of plum, not having been damaged more than $50 by the shocks. Owing to the fact that nearly all the buildings he erected withstood the shock, since the earthquake he has had to give nearly all his time to consulting architects from all parts of San Francisco.

That the Germans are fast becoming dog eaters in the Fatherland is show by officials reports that 2,405 dogs were slaughtered in Germany during the fourth quarter of 1905 as against 1,762 during the same period of 1904. Horses, too, were not such bad eating evidently, for during the last quarter of 1905, 52,584 were slaughtered in the Empire.

Associate Justice Harlan, of the Supreme Court of the United States, today obtained a marriage license for his granddaughter, Edith Harlan Child, of this city, and Erastus Corning, of Albany, New York. Rev. Wallace Radcliffe, of the New York Avenue Presbyterian Church will conduct the services on May 17.

Senator Blackburn, of Kentucky, called at the White House today to invite the President to attend the commencement exercises at the State College at Lexington on June 7. The President said that it would be impossible for him to leave Washington at that time,

It is said that the United States, at the coming Hague Peace Conference, will support any proposition which may be introduced by the British representatives looking toward the reduction in armament among the powers. The action of the House of Commons yesterday in adopting a motion directing the British government to take drastic steps in this direction leaves the way clear for the administration here to follow a policy at the Hague toward which it is said to be very friendly, but for the initiation of which the authorities of the State Department feel that this government is unprepared to act. Great Britain's assumption of the initiative offers the opportunity for the United States to exert its influence in the cause of the world's peace.

Secretary of War Taft, as President of the American National Red Cross, has accepted a donation of $50,000 from the people of Japan for the San Francisco relief fund, transmitted by cable through Japanese Ambassador Aoki.

The deep interests in the consideration of amendments to the railway rate bill by the Senate was increased today by the belief that action on the Allison compromise judicial review amendment might be reached and brought to a vote before adjournment. Section one was perfected yesterday. Section two was taken up today, as soon as the Senate met. Section four is the review provision. There have been few intervening amendments offered. The question first taken up was the proviso giving the Interstate Commerce Commission discretion to suspend the present law relative to publication of rates and the giving of notice.

The crop reporting board of the Agricultural Department today announced the following statistics: Area of winter wheat in cultivation on May 1st, 29,628,000 acres, 6 per cent. less than the area reported as sown last fall and 1 per cent. less than the area of winter wheat reported as harvested last year. The average condition of the growing winter wheat crop on May 1, was 91 as compared with 89 on April 1, 1906, 92 on May 1, 1905, 76 on May 1, 1904, and 85 the mean of the May averages for the last 10 years. The average condition of winter rye on May 1, was 93 as compared with 91 on April 1, 1906, 94 on May 1, 1905, 81 on May 1, 1904, and 89 the mean of the May averages of the last 10 years.

Chairman Burton, of the rivers and harbors committee of the House, today appointed a sub-committee, composed of himself, Alexander, Lawrence, Burgess and Humphrey, to formulate a suitable bill as a substitute for his own, to preserve the scenic beauties of Niagara Falls, and limit the use of its waters for commercial purposes. The full committee will act on the bill a week from next Monday.

Cromwell was again under examination this morning by Senator Morgan in the Senate canal committee with reference to the purchase of the outstanding shares of the Panama railway which he made at the request of the Secretary of War, and for which he received the thanks of the President. There were several tilts between the witness and the Senator but not a single material point was bought out, the whole transaction having been heretofore described in detail by Secretary Taft in his testimony before the committee.

Practically a complete agreement has been reached by the conferences on the Statehood bill and a report will be submitted to the Senate on Saturday or Monday. The agreement provides along the lines of the Foraker amendment that the people of Arizona and New Mexico, may vote next November, on the question of whether or not the two territories shall come in to the union as a state. This disposes of the principal point of difference between the House and Senate.

Senator Gorman's condition this morning was reported to be considerably improved.

U. S. Minister Wm L. Merry, accredited to Costa Rica, Nicaragua and Salvador, had a talk this morning with President Roosevelt about conditions in Central America Mr Merry's home is in San Francisco and he is now hurrying westward to ascertain if he has any property left in the devastated town. "San Francisco will rebuild but it wont be able to do it in a minute," said Minister Merry. "If the work is accomplished in twenty years I think that will be a remarkable achievement, for the growth of the city required nearly sixty years. I am opposed to high buildings and think a law ought to be passed prohibiting the erection of any of more than six stories, especially in any city upon the coast. Down in Central America, where we have earthquake shocks right along, six or seven a month, we build no houses higher than one story. I would not be surprised to see New York visited by a shock some day, for you will notice, the seismic activity is increasing throughout the world. We have had a whole lot of that sort of thing since the destruction of Martinique." Mr. Merry reports conditions in Central America to be much more satisfactory now than at any previous time in history. He ascribes this to the growth of educat on. Mr. Merry will remain in San Francisco until the latter part of July before returning to his post.

According to a bulletin issued by the Census Bureau today there has been a fair increase in the shipbuilding industry of this country, exclusive of goverumental establishments, during the five years ending December 31, 1905. The capital invested in 1900, $77,862,701, increased in 1905 to $121,625,250; the wages earned in the industry from about $24,639,163 to about $29,941,087, and the value of the products from $74,578,158 to $82,769,239.

President Roosevelt this afternoon promised to attend the opening of the Jamestown Exposition on April 26, 1907. He will make an address upon that occasion. Harry St. George Tucker, president of the exposition company; Lieut. Gov. J. Taylor Ellyson, of Virginia, and C. Brooks Jackson called at the White House to extend the invitation and received the President's promise to be present.

The State Department has received from the Christian Herald of New York a final contribution of $25,000, making in all $200,000, given by the readers of that paper for the relief of the famine sufferers in Japan.

Move for Church Union.

At yesterday's session, in Birmingham, Ala, of the General Conference of the Methodist Episcopal Church South a plan of federation was introduced in a resolution offered by James A. Anderson and others. It proposes that the Southern Conference appoint commissioners with a view to forming a federal council, to be composed of like commissioners from the Methodist Episcopal Church, the purpose of which council shall be to prepare and submit to the ensuing general conferences of the two churches, respectively, such a plan of federation as shall divide all American Episcopal Methodism into not less than three administrative bodies. The resolution was referred.

The conference adopted that portion of the report of the committee on boundaries which gives the North Georgia Conference four years more to clear the matter of changing its lines. The request of the pastors of Knoxville that the boundaries of the Holston Conference be better defined was concurred in.

The committee on itinerary reported non-concurrence in memorials from various conferences asking that the authority to license local preachers be transferred from the district to the quarterly conference.

The special committee named to consider the new statement of Methodist faith and doctrine recommended the passage of the resolution proposed with the understanding that the proposition of the statement shall be undertaken by the commission only when such co-operation of other representative bodies of Methodists shall have been secured as shall make it an expression of worldwide methodism.

A telegram from Farmington, Mo., announcing the death of Rev. J. D. Berryman, the last survivor of the General Conference of 1844, at which the northern and southern churches separated, was read. The conference adopted suitable resolutions.

The strike of the construction gang of the Public Service Corporation which was engaged in relaying the tracks of the Central avenue division west of First street, Newark, N. J, assumed serious proportions today, when about 250 strikers with pockets bulging with stones and otherwise armed marched to Central avenue with the intention of forcing a dozen men at work there to quit. They were met by a squad of mounted officers and after a fight the trouble was quelled and eight arrests made.

Within a few hours of his conviction of murder in the first degree, Samuel Monich was sentenced today in Morristown, N. J., to be hanged on Friday, June 15. Monich shot Mrs. Hattie C. Decker on June 17 last.

Ex-President Cleveland made the opening address yesterday before the National Conference of Charities and Corrections.

News of the Day.

The House yesterday directed an investigation of the expenditures of the Department of Agriculture.

Robbers held up the Imperial Limited on the Canadian Pacific, near Kamloops, B. C., yesterday and rifled the registered mail.

The construction bureau of the navy is anxious for the job of building the big battleship provided for in the naval appropriation bill.

The Czar and the Czarina and their children were yesterday transferred from the imperial residence at Tsarskoe Selo to the Peterhof Palace.

In the contest today for the international tennis championship, doubles, in London, Andre and Forrester, the English players, defeated Jay Gould and Joshua Crane by the score of 3 sets to 1.

Officials of the American Sugar Refining Company and the New York Central and Hudson River Railroad yesterday entered pleas of not guilty to the indictment charging them with rebating.

Mr. Corea, the Nicaraguan minister in Washington, yesterday received a cablegram stating that Alfonso Altamirano, the Nicaraguan minister for foreign affairs, had been assassinated. The State Department received a dispatch from James G. Bailey, the American charge at San Jose, Costa Rica, confirming the report of the assassination, but giving no details.

Following conferences between President Keefe, of the Longshoremen's Union, and allied labor interests and representatives of the dock managers it was announced in Cleveland, Ohio, last night that the strike of longshoremen on the lakes has been settled. The men will go back to work on the basis of last season's wages, pending another conference. The strike involved fully 20,000 men employed on the Great Lakes.

Lucien Millevoye, editor of the Paris Patrie and member of the Chamber of Deputies, and Count Mathieu de Noailles yesterday had an exciting street encounter during which Millevoye broke his cane over the head of the Count. The affair grew out of the recent election, wherein they both competed for the Sixteenth district of Paris. Millevoye had refused to accept the Count's challenge to fight a duel on the ground that political abuse did not warrant a hostile meeting. Thereupon the Count attacked Millevoye on the street.

During the session of the Cuban House of Representatives yesterday afternoon two revolver shots were fired in the portion of the hall occupied by spectators, causing great excitement, several of the members of the House drawing weapons, fearing that it was a premeditated attempt to cause a riot. The man who fired the shot was quickly overpowed and arrested. His name is Gelasia Garcia, and he is a veteran of the revolution. His mind appears to be wandering on account of the vicissitudes through which he has passed and his present poverty.

THE RATE BILL.

The Elkins proposition to divorce the business of transportation from the business of production afforded the Senate another tangle at yesterday afternoon's session. Fully four hours were devoted to the consideration of the subject in its manifold phases, developing many kinds of contending factions along constitutional and practical lines.

Finally a vote was taken on the Elkins amendment as modified by its author, so as to include the idea proposed by Senator McLaurin, of Mississippi, and in this form the Senate passed an amendment on the subject by an almost unanimous vote. The Elkins amendment, in the form in which it was adopted, was the same as the McLaurin substitute, almost word for word, and not nearly so drastic as the Elkins amendment itself, which was pending throughout the day.

Senator Aldrich and some of his followers were anxious to sidetrack the whole proposition by referring the Elkins amendment and all of the other amendments and substitutes on the subject to the Senate committee on interstate commerce for investigation and consideration. Senator Hopkins, of Illinois, was intrusted with the task of offering the motion to this effect.

But the plan was blocked by Senator Bailey, of Texas, who pointed out that it would not only be contrary to general parliamentary practice, but also to the rules of the Senate, to refer to a committee before which there was pending no bill on the subject an amendment to a bill which was under consideration in the Senate.

The force of Mr. Bailey's argument was immediately apparent to senatorial leaders like Lodge, Hale, Spooner, Gallinger, McLaurin, Tillman, Culberson and others, who opposed the motion with such vigor that Aldrich, Hopkins and Beveridge, who were virtually the only republicans who took the floor in opposition to Mr. Bailey's contention, surrendered, after being defeated by a vote of 48 to 25. More than an hour was devoted to the parliamentary entanglement and disentanglement over the Hopkins motion.

Shortly before 5 o'clock the Senate, having temporarily disposed of the Elkins proposition, proceeded with the reading of the Hepburn bill by sections and adopted three other amendments in rapid-fire succession, making the net result of the day's work the incorporation of the following principles in the first section of the measure:

The Elkins amendment—Making it unlawful for common carriers to transport in interstate commerce articles produced by them, but not intended for their own use.

The Elkins amendment—Prohibiting discrimination in the matter of the distribution of cars and the installation of switching facilities.

The Bailey amendment—Bringing express and sleeping car companies within the scope of the bill as common carriers.

The Warner amendment—Requiring as good service on "jim crow" cars as on others.

Elijah Dick, a farmer of Frederick county, died yesterday at his home, near the Morgan county, W. Va, line, aged 87 years. Six sons, five of whom were at his bedside when the end came, and five daughters survive him. He was twice married.

Fire last night practically destroyed the entire stock of the Thomas Low furniture concern, in Roanoke. The blaze had gained considerable headway when discovered. It was caused, it is believed, by crossed electric wires. The loss on the stock is $22,000.

Incendiaries Tuesday night set fire to a new bank barn on the farm of Mrs. Elizabeth J. Sherman, at Chambersville, Frederick county. The barn and its contents including a large amount of hay, corn, and feed, several farming implements and vehicles, and ten sets of harness, were totally destroyed, causing a loss of $1,500, with insurance of $500. Eight months ago an incendiary fire at the same spot destroyed Mrs. Sherman's barn.

While running at a high rate of speed a passenger train and a wrecking car of the Norfolk and Atlantic Terminal Company collided head-on between Tanners creek and Atlantic Park yesterday afternoon, injuring four persons and severely shaking up and bruising a number of others. The wreck car had been dispatched from the car barns to work on a derailed car at Sewells Point and through a misunderstanding of orders took the wrong track, meeting a fast express just before Atlantic Park was reached.

Farmers and fruit growers will be gratified to learn that Commissioner G. W. Koiner, of the Department of Agriculture, contradicts the report recently current that the seventeen-year locusts are headed this way and will be here this spring. In reply to an inquiry Commissioner Koiner writes: "There are no locusts due, according to the report of the National Department of Agriculture, in the valley until 1919, when they will run through the valley from Harpers Ferry to the Tennessee line."

At a special meeting in Richmond yesterday the trustees of Hampden-Sidney College accepted a proposition made by James T. McAllister, of Hot Springs, to guarantee $3,500 a year toward the expenses of a special department for training writers for newspapers and magazines and of books. The new department will be put in operation at the opening of the next session, in the autumn of this year, and will mark a departure in college work, and be an experiment likely to be observed with interest by the whole world.

Messrs. Davis and Davis, Washington patent attorneys, report the grant this week to citizens of this State, of the following patents: William H. Boschen, of Richmond, trunk; William T. Coalton, of Barton Heights, assignor to American Tobacco Company, Newark, N. J., cigarette machine; James De Haven, assignor of one half to R. W. Higdon, of Roanoke, non-refillable bottle; Joseph A. Reams, of West Norfolk, assignor of one-half to T. K. Parrish, of Richmond, dough-mixing machine, and Lavinia D. Richardson, of Fredericksburg, pocket ash-receptacle.

James F. Breeding was fatally shot at Delton, Pulaski county, Tuesday night, while robbing the postoffice and Nunn's store, in which the postoffice is located. Dr. Bruce Clark discovered the burglar at work and summoned General Bryson and Nunn to help catch the robber Bryson was armed with a shotgun and was stationed outside, with instructions to shoot anyone that ran from the building. Clark opened the door and Breeding dashed out. Bryson fired both barrels of his gun, the contents taking effect in Breeding's chest and head. Some postage stamps and a quantity of merchandise were found on his person. Breeding lived near the postoffice. He was 20 years of age.

Odd Fellows.

The second day's session of the Grand Lodge of Odd-Fellows in Richmond convened yesterday. The following officers were elected:

Grand master, R. E. Chase; deputy grand master, C. C. Vaughan; grand secretary, T. Wiley Davis; grand treasurer, J. W. Ferguson; warden, J. C. Noel.

The State assembly of the Rebekahs met in the morning in its second day's session. The only business transacted was the election of officers which resulted as follows:

President, Mrs. Celia Kass, of Richmond; vice president, Mrs. M. E. Whitmore, of Lynchburg; grand warden, Mrs. Mina Coutts, of Clifton Forge; secretary, Miss Lillian Roberts, of West Point; treasurer, Mrs. Edmonia Perkins, of Richmond. The offices of chaplain, marshal, conductor, inside and outside conductor are appointed by the President.

Letter to Benj F. Baggott.

Alexandria Virginia,

Dear Sir: We bid on a job, and somebody else underbid us 5 cents a gallon—and got it. Devoe is all paint; the other was adulterated 38 per cent.

Three hundred gallons of it contains less paint than 200 of Devoe. They saved $5 on each hundred gallons and lost $400 to $500 on each extra hundred gallons they had to use.

The job was Hotel Chamberlain, Old Point Comfort, Va.; big job as hotels go.

It show the wisdom or folly of buying by price per gallon.

Go by the name: Devoe,

Yours truly

Opening of the Douma.

St. Petersburg, May 10.—With all the ceremonial and pomp for which the Russian court has always been famed, the Douma, Russia's new National Assembly, was formally opened this morning, the first gathering of the deputies being in the Winter Palace. Emperor Nicholas personally greeted the deputies and proclaimed the Douma in session, and then read the address from the throne to the assembled representatives of the people.

The Czar read his address in a clear voice. It was brief and dealt for the most part in generalities. The monarch declared that order is just as necessary for Russia as freedom. He expressed his care for the welfare of the peasants and asked for full co-operation in the work of making a new Russia. No mention was made of political amnesty, but it is confidently believed that there will be some proclamation of amnesty in the near future. At the conclusion of the address the courtiers and bureaucrats cheered loudly, but the deputies remained passive.

Inside the Winter Palace the scenes in connection with the opening of the Douma were magnificent in the extreme, and the impressive ceremonies were most effective. Outside in the streets surrounding the palace were gathered a great crowd of persons who had assembled to catch a glimpse of their deputies and the bureaucrats as they entered the palace. The attitude of the crowds showed that the people in general fully realize what the Douma may or may not mean to them. Today in the face of the glittering show, of which they could catch fleeting views, all were inclined to forget the pessimism which followed the proclamation of the hated fundamental laws and to take a hopeful view of what the future has in store for them.

About 40,000 troops are in the city and every precaution is being taken to prevent disorders.

Te deums were sung in all the churches which were crowded with worshippers. Many of the deputies attended these religious services. The peasant deputies especially showed great religious fervor, meeting together for long prayers before proceeding to the Winter Palace for the opening of the Douma.

There were numerous small meetings of delegates to the Douma last evening where the decisions were practically unanimous that the first session of the national assembly will be a stormy one, owing to the determination of the government to maintain the autocracy at any hazard. The general feeling is one of complete distrust of the government. It seems probable that trouble between the government and the Douma will speedily arise, and in that event, the Douma may be dissolved within a month not to be summoned again before December. The most reactionary of the ministers propose to introduce a bill on universal suffrage, for the purpose of starting trouble and dissolving the Douma at once. This would give them an opportunity to exert their uncontrolled powers over the empire

The constitutional democrats will do their best to checkmate any such scheme.

Peterhoff, Russia, May 10.—Emperor Nicholas left the royal palace here at 11 o'clock for St. Petersburg for the opening of the Douma. He was accompanied on board the royal yacht by the Czarina, and the Dowager Empress.

St. Petersburg, May 10.—The Czar arrived in the city from Peterhof on the royal yacht about 1:30 p. m. The yacht docked at the Nicholas bridge, where the party disembarked. The Czarina and Dowager Empress were driven to the Winter Palace in a carriage along the quay. The Czar proceeded to the palace in a small cutter.

The Czar, before appearing before the Douma, was taken to the Fortress of Saints Peter and Paul. There his majesty was driven to the immense cathedral where are buried the members of the Romanoff dynasty. Kneeling beside the sepulchre of his father the Czar prayed for divine guidance and the blessing of heaven in the great work of reconstructing Russia.

St. Petersburg, May 10.—The Douma assembled in the Taurida Palace shortly after four o'clock. The session was opened with prayer, after which the work of organization was taken up.

St. Petersburg, May 10.—Grand Duke Michael Nicolaivitch is named as honorary president of the council of the empire, the appointive members of which have been named by the Czar. Count Lotsky is named as the acting president. The list of members of the council of the empire who will participate in all legislative sittings includes the names of all old members, except a few men who are aged and infirm and Count Witte, the former Premier. The failure to include Count Witte in the council has caused considerable comment.

Dead Financier a Defaulter.

New York, May 10.—Expert accountants are today examining the books of Charles Spier, right hand man of Henry H. Rogers, and high in the counsels of the Standard Oil Company, who was found dead with a bullet through his heart in his home on Staten Island, and it is said that they have discovered that the dead financier is a defaulter for a large amount. It is said also that Mr. Rogers is the chief loser. It is alleged that Spier had falsified accounts, hypothecated securities, and in various ways misappropriated great sums of money. This discovery, it is alleged, together with the finding of a bullet in the body of Spier which fitted the revolver found by his side, has discouraged the theory that Spier was murdered by a burglar. It is said that the young man could have borrowed as much as $100,000 from Mr. Rogers without trouble should an emergency have arisen. That he should have falsified and hypothecated securities, as it is theorized, when this sum of money could have been got honestly, leads to the belief that the shortage will foot up to a tremendous figure. A case of embezzlement and breach of trust has been shown, as securities belonging to Mr. Rogers were discovered to have been surreptitiously transferred to the name of Mr. Spier. These securities, which were in the custody of Spier, as a representative of Mr. Rogers, were first placed in the care of Mrs. Spier and later hypothecated. There is nothing to show that Mrs. Spier had any knowledge of the efforts her husband was making to keep from financial ruin. She probably did not know he had met with enormous losses in his stock market speculations. It is not believed that Mrs. Spier indorsed these transfers with her signature knowingly.

The Plot Against the Kaiser.

Berlin, May 10.—The authorities at Metz have not allowed any further details in regard to the arrest of anarchists accused of plotting to kill the Kaiser William during his coming visit to the palace at Urville to become public. The newspapers have been requested to ignore the matter. The five prisoners who were arrested yesterday are still held in custody, and have been examined several times in an effort to make them confess. These attempts have been fruitless, however. The men will be indicted for conspiracy. The precautions to guard the Kaiser during his approaching visit to Urville have been greatly increased. The surrounding forests have been thoroughly searched and are guarded by troops, and an extra secret service force has been drafted to protect the Emperor.

Man and Wife Murdered.

New York, May 10.—James Mucchio and his wife, Gelesti, were found murdered in their rooms, No. 459 Court street, Brooklyn, today. The murderer had first crushed their skulls with a hatchet, and then, to make sure that they were dead, he severed their jugular veins. Mucchio kept a boot-blacking establishment in front of the rooms in which he lived and was supposed to be prosperous. Some days ago he took in a boarder, a tall, young chap, of about 21, and one of the rooms in the rear of the boot-blacking establishment was given to him. The boarder, whose name is not as yet known, is missing today, and a general alarm has been sent out by the police for his apprehension.

Duel with Knives.

New York, May 10.—Pascali Monprice is dead and Rocco Paccora is believed to be dying as the outcome of a deadly duel with knives early this morning at Sixtieth street and Sixth avenue, Brooklyn. The two Italians loved the same girl, Florence Unger, and meeting near the girl's home they drew their knives and in true Sicilian fashion fought until both were at the point of death. Mouprice staggered to the girl who watched the combat and plucking a long bladed knife from his breast fell dead.

Engagement.

Paris, May 10.—The engagement is announced of Mrs. Blanche Ulman, of New York, to Milenko Vestnitsch, the present Servian Minister of Justice in the new Servian cabinet. King Peter of Servia and M Nehdoff, the Russian Ambassador to France, will be the witnesses of the marriage for the groom, and Mrs. Ulman's witnesses will be United States Ambassador McCormick and her brother. King Peter will send a special officer to represent him at the ceremony.

Premature Explosion.

Wilmington, Del., May 10.—By a premature explosion of powder in the rolling mills at Hagley yards of the E. I. Dupont Powder Company here today, William McCres, aged 64 years, was instantly killed and David Commack, aged 44, was seriously burned and will die.

New York Stock Market.

New York, May 10.—Price movements during the first hour were decidedly irregular, with a number of the larger room traders heavy sellers, while brokers representing important interests were quiet buyers. Commission house business was small and the trading in the general list was without significance or importance.

Cut Woman's Throat.

Ernest Lyles, colored, living in the Green Spring Valley near Baltimore, killed Harriet Ardina Dirrick, a young colored woman, about 8:30 o'clock yesterday morning, by almost severing her head from the body with a razor. He eluded the Baltimore county police, but was apprehended about 5:30 o'clock yesterday afternoon in a second-hand store in Baltimore.

When the negro was caught he was in the act of purchasing a pair of trousers. Lyles at first denied his identity, but was taken to the Central Station, and, after being thoroughly "sweated" by Captain Ward, Round Sergeant Barranger and Sergeant Forres, admitted that he was the guilty party and signed a written statement to that effect.

The murdered woman was the daughter of William Dirrick, a respectable colored man, and the victim was prominent in church work and a teacher in the colored Sunday school. Her throat was cut from ear to ear, the windpipe being severed, and death was practically instantaneous. The body was found several hours later by several telephone linemen who were working in the vicinity, and who gave the alarm. The woman had declined Lyles attention and her father had forbidden his visits to the house.

The House yesterday adopted an amendment to the naval appropriation bill permitting the government to go into the market for the purchase of anchors, chains and cordage. The limiting the cost of transportation of coal to $5 or $6 per ton was of no avail, although votes were had on two amendments limiting the cost.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Democratic Committee.

There was another meeting of the city democratic committee last night at the Hotel Fleischmann. Chairman Charles Bendheim presided and Committeemen S. G. Brent, Oscar F. Carter, Oscar Phillips and George L. Simpson were present.

The object of the meeting was to receive the names of such gentlemen as desire to be candidates for the Board of Aldermen and Common Council.

The terms of Aldermen N. P. T. Burke of the First ward, F. F. Marbury of the Second, J. R. N. Curtin of the Third, and J. T. Sweeney of the Fourth, expire September 1. The terms of Councilmen Hubert Snowden and T. L. Risheill of the First ward, Henry Baader and Louis Brill of the Second, W. H. Hellmuth and F. J. Pollard of the third, and L. E. Uhler and Albert Bryan of the Fourth, also expire on the 1st of September.

Councilmen Hubert Snowden and Thomas L. Risheill and Alderman N. P. T. Burke, of the First ward, and Councilmen Henry Baader and Louis Brill and Alderman F. F. Marbury, of the Second ward, having no opposition, were declared the nominees for those wards by the committee.

For the Third ward Alderman J. R. N. Curtin was the nominee for the upper board without opposition. The name of J. Fred Birrell for the Common Council in opposition to the incumbents, W. H. Hellmuth and J. F. Pollard, was presented. It was decided to hold a primary in that ward Tuesday, May 15, between 2 and 7 p. m.

Councilman Albert Bryan, of the Fourth ward, was the only member of the present council who declined to be a candidate for renomination. C. O. Pulman and Councilman L. E. Uhler were named for that ward and Alderman J. T. Sweeney for the upper board.

The committee decided to declare the two remaining candidates for Common Council from the Third ward the democratic nominees for that ward if either of the candidates would withdraw from the race.

The board did not go into the election of a committeeman for the Second ward to fill the vacancy caused by the resignation of George E Price.

The Fishery.

The better varieties of shad sold at 76 cents each in market this morning, and were extremely scarce at that figure. It was said by one dealer that only eleven roe herring could be found in one thousand As has been stated, the fishing season is about over. Operations at Ferry Landing were brought to a close yesterday. There were no fish at Fishtown this morning, and the only echoes of the season were masses of offal which are being carried away by farmers to be used for fertilizing purposes. The receipts of fish at this port have been decreasing for years, and from present indications the Alexandria fish market is destined to deteriorate until some drastic legislation comes to the rescue. One gentleman who is in a position to know says that 90 per cent. of the shad are netted in Chesapeake Bay early in the season, and that but few succeed in reaching fresh water, while thousands of herring are caught in the same section for the purpose of extracting the oil from them. Equally as many more, after having been landed, are ground into fertilizers. Those which escape one or the other of these fates are cut and salted on the shores where caught. The remnant are sent to Washington, and when the supply is beyond the demand there they are sent here.

Entertainment.

At a social entertainment given under the auspices of the Rechabites of this city Monday night the following programme was well rendered: Piano solo, by Miss Rose; recitations, by Miss Caroline West; piano solo, by Miss Paine; recitation, by R. H. Bartlett; dialogue by Alexandria comedians, Sullivan and Glasgow; temperance lecture, by Mr. Lambert Lyles; piano solo, by Miss Jermond; recitations, by Mr. Ernest Boyer; trio, by the Misses and Master Reber, of Washington; dialogue, by Mr. Rolph and Miss Reber, of Washington; piano solo, by Mr. Roger Sullivan. A comparatively large audience was present, among which were several Washingtonians.

Funerals.

The funeral of the late Mrs Emeline Jacobs, who died at her home, 412 south Lee street, at an early hour yesterday morning, will take place this afternoon at 4 o'clock. The services will be conducted by Rev. Mr. Ewell.

Eli Opacici, a native of Austria, died suddenly at Franconia early yesterday morning. His remains were brought to this city and the funeral took place today from Demaine & Son's undertaking parlors. The services were conducted by Rev. Father Cutler and the interment was made in St. Mary's cemetery. The deceased was employed on railroad work in lower Fairfax county. He was 42 years old.

New Wharf at Chaptico, Md.

The new wharf at Chaptico, St. Mary's county, Md., built by Mr. Sol. Russell for the use of the boats plying between this city and landings on the Potomac river, is ready for use. Chaptico is on the Wicomico river about five miles above Rock Point, and is about half way between the Potomac and Patuxent rivers. It will be a convenient shipping point for a rich agricultural country, and qualities of tobacco, grain, country produce and oysters will be shipped from there.

The New Bridge.

The flooring of the new iron bridge which will take the place of what was known as Poor House lane is being laid, and it is thought the structure will be opened to the public in a short time. This bridge extends from a point a short distance south of St. Asaph Junction to the Poor House, at which place the road turns north. With the opening of the new bridge all grade crossings will be eliminated.

Personal.

Mrs. Leroy Darling, of Alexandria, is visiting her parents, Mr. and Mrs. J. T. Dove.—[Clarke Courier.

Capt. J. P. Wooddy, of Alexandria, who has been a guest of his grandson, Dr. J. G. King, left Wednesday for Fauquier county. — [Fredericksburg Star

Mrs. Wm. N. Wise, of Leesburg, is visiting friends in this city.

Mrs. C. H. Zimmerman is suffering from pleurisy at her home in this city.

Miss Ida Evans has gone to Macon, Ga., having accompanied her sister, Mrs. May Hunt, to that city.

Col. P. Henry Ray, 4th Infantry, has been placed on the retired list by direction of the President, with the rank of brigadier general, because of his services during the civil war, General Ray served in the 1st Wisconsin Heavy Artillery during the war and was stationed at Battery Rodgers, this city, where he has many friends. His first wife was a daughter of the late Allen C. Harman of this city, whom he married soon after the war.

Lieut. James Smith is quite sick, suffering with a carbuncle on the back of his neck. He was operated upon yesterday.

Mr. Conrad Syme, of Washington, was in the city today on a short business trip and saw quite a number of his friends.

The Golf Club teas will be resumed tomorrow afternoon and tomorrow's will be served by Mrs. H. F. Robertson, Miss Cora Cochran and Miss Cora Smoot.

Miss Agnes Holladay McCarthy and Mr. William Edward Carson were married in Seventh-street Christian Church, in Richmond, yesterday afternoon, by the Rev. J. J. Haley. Mr. G. L. Boothe, of this city, was one of the ushers.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of last night:

A young white man, arrested by Officers Nicholson and Knight charged with defacing property, was sent to jail for 30 days.

Llewellyn Lane, colored arrested by Officers Garvey and Bell charged with assaulting and beating Lula McCruey, was fined $5.

John Bryant, colored, arrested by Officers Bell, Henderson, Beach and Garvey charged with escaping from the chain gang, had 20 days added to his sentence.

George Jones, colored, arrested by Officer Knight charged with assaulting and beating Emma Thomas, had his case continued.

Pay for the Soldiers.

Checks were received in this city today from Cutchins & Cutchins, attorneys, in Richmond, for the pay of the members of the old Alexandria Light Infantry (Co. F. Third Virginia Regiment) who served in the Spanish war. These checks are for the time the men were called out by the Government, April 28, 1898 to May 21, the day they were regularly enlisted in the U. S. army. The men have already been paid for the time subsequent to the latter date. The amount per man is $23 less 20 per cent. for commission to the attorneys.

Canvassing for His Paper.

J. E. Dickerson, a representative of the Norfolk News and Advertiser, a weekly newspaper devoted to the interests of the colored race, is making a very successful canvass for subscribers in this city, having secured a good number of the best white people here. The representative carries with him a strong endorsement by ex-Gov. A. J. Montague, Bishop Randolph and other prominent men. The editor of the paper has attracted considerable attention by the fearlessly moderate and sensible tone of his editorials.

Cold Weather.

The weather during the past few days has been cold and unseasonable, and winter underwear, overcoats and wraps are still in use, while fires are indispensable for comfort within doors The mercury this morning stood at 37° and frost was visible. The wind still blew from the northwest while fragments of clouds, seemingly carrying snow "spits," chased each other across the heavens. Snow fell at Bluemont, Loudoun county, yesterday morning.

Y. M. S. L.

Rural scenes are always beautiful and those to be shown in the fine comedy, "The Old Diary Homestead," with fine music and specialties, is certain to draw a large audience at the Lyceum tomorrow evening. There will be no reserved seats and the box office will be open at 7 p. m.

Divorce.

In the Corporation Court today Mrs. Ethel E. Chadwick was granted a divorce from Ferdinand G. Chadwick on the charge of desertion.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by E. S. Leadbeater & Sons' drug store. Price 50c.

Fifty-ninth Congress.

Washington, May 10.

SENATE.

Mr. Dick, of Ohio, introduced in the Senate, today, a joint resolution requiring purchases of material and equipment for the construction of the Panama canal to be restricted to articles of domestic production; but permitting the President to order goods bought abroad to prevent extortion, after proper advertisement.

Protests against prohibiting railways from giving passes to local railway attorneys were presented in great number in the Senate today. The first came from Mr. Hopkins, who explained that it was from an Illinois constituent.

Mr. Dick sent up a bunch from Ohio, and Mr. Scott from West Virginia. They were not read but ordered printed in the Record.

Mr. Cullom thought this a bad practice. "There should be no favoritism," he declared; "if this is to obtain the common people should be heard also."

"Here's one of that kind," exclaimed Mr. McLaurin, who sent up a protest from a Mississippi constituent.

The flood later became a perfect deluge. Almost every Senator's desk held a huge bunch of telegrams of protest and the pages were kept busy delivering the yellow envelopes.

Mr. Elkins sent up a bunch, one being from W. A. Mitchell, of Grafton, W. Va, secretary of the Brotherhood of Railway Trainmen, claiming that the organization felt that the anti-pass amendment to the rate bill encroached upon their personal rights.

Finally Mr. Culberson, the author of the original anti-pass amendment entered a motion to reconsider the vote by which it was passed. He said he would later change its phraseology, if the Senate permitted, placing "actual and bona fide attorneys" of the railways in the exempted classes. The motion was not pressed although Mr. Foraker expressed the hope that it would not be delayed.

Mr. Kean offered a substitute to the entire section. He said it was a draft favored by the commission.

Mr. Teller said that if the commission was to make the rate bill they should be given that entire duty.

Mr. Tillman offered an amendment providing for the filling of local and through rates on rail and water and making the law apply the same to individual and through rates.

HOUSE.

When the House met today consideration of the naval appropriation bill was resumed in committee of the whole.

Mr. Keifer made a vigorous plea for the proposed ten million dollar battleship.

Representative Mann, of Illinois, introduced in the House today a resolution directing the Interstate Commerce Commission to investigate the report on the use of and necessity for block signals and appliances for the automatic control of railway trains in the United States. The commission is to recommend such legislation as seems advisable.

The Crapsey Case.

The ecclesiastical court which tried Dr. Crapsey spent yesterday afternoon at Batavia, N. Y., considering the evidence. At 5:30 o'clock, when the conference ended, Rev J. C. Roberts, president of the court, announced: "We have reached a verdict."

In accordance with a strict agreement among themselves, none of the five clergymen who make up the court would divulge any further information, saying it will be left to Bishop Walker to make public the verdict. The verdict, sentence and findings will be delivered to the bishop today.

It is believed the court has unanimously found Dr. Crapsey guilty of heresy, but is divided on the question of punishment, a majority favoringe dposal, the minority an admonition.

Another report states: "The court has considered both charges and both specifications of the presentment, and the vote throughout has been four to one against Dr. Crapsey. As to the final decision Dr. Dunham refused to accede to the findings of the court, and will file a separate statement. Dr. W. C. Roberts, president of the court, was very bitter in his denunciation of Dr. Crapsey during the session yesterday afternoon. He declared that Dr. Crapsey had gone into this matter with his eyes open and had set a whole diocese afire with controversy.

Mrs. Jefferson Davis is dangerously ill from the grippe at her apartments in the Hotel Gerard, in New York. Mrs. Davis is now nearly eighty years old.

Mrs. Lillian N. Duke this morning filed in the court of the Chancey, in Trenton N. J. her formal appeal from the decision of that court which last week, gave a final decree in favor of her husband, James B. Duke, the tobacco magnate in his divorce proceedings against her.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? YES, We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.

Mitchell and the Mineowners.

The statement of President Mitchell, of the United Mineworkers, that the anthracite mineworkers gained a victory by their mouth of idleness was disputed in New York yesterday by the operators. On behalf of their committee of seven a statement was issued in which the following quotations are given from Mitchell's speech to the convention of the anthracite mineworkers at Scranton on Tuesday:

"Last summer I made a tour through this region. I urged the mineworkers to come back into the organization. At that time there were only 34,000 members. At the close of that tour there were 80,000 members in the organizations. Had that tour not been made there would have been a reduction in wages, according to reliable information that I have in my possession. My information is that the operators were ready to increase the working day from nine to ten hours, to require the engineers to work seven days in the week and to require firemen to work 12 hours instead of eight. If this is true, then we have won a victory."

The statement then continues: "It is important that there should be no misunderstanding on this point. The fact is that none of the operators had the slightest intention of reducing wages or of increasing the length of the working day. On the contrary, if the men had been left at work, and if the agitation of which Mr. Mitchell so proudly boasts had not taken place, the men would not have been idle for six weeks, much lawlessness would not have occurred and the public would not have been disturbed by this wholly unnecessary controversy."

A good complexion is impossible with the stomach out of order. If pasty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexion. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back right in shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by W. F. Creighton & Co., 401 King St.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackets, of Alliance, Ky., as a year of blood; which flowed so copious y from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven, permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefitted by their use. They only cost a quarter. For sale by Gibson & Timberman and W. F Creighton & Co.

POINTS TO KEEP IN MIND!

Why you should make a WILL. It is the only way you can control your estate after death—without it your control ceases. By a WILL you choose who shall manage and settle your affairs—without it the Court may appoint some one of whom you would not approve. By a WILL you determine who shall have your property—without it the law determines. By a WILL some one is ready to assume the duties—without it no one has authority to act until the Court appoints. This Corporation acts as Executor, Administrator, Guardian or Trustee. A TRUST COMPANY never dies—is always present. It cannot abscond; it is never sick, never takes a vacation. It is always prepared to do business during business hours, and you know just where to find it. Its accounts are always posted up to date, and a report can be furnished at any time on short notice. Every dollar of its Capital Stock is liable for the faithful performance of business intrusted to it. We have competent Attorneys, experienced directors and officers, skilled accountants, and our bonded obligations are the highest guarantees of efficiency and safety.
